TECHNICALITY

*External Diameter 192 mm

*Water Cooled System

*Motor Power Range : 40 HP - 125 HP

*8" compliance with NEMA standards

*Temperature of working enviroment : Max: 30 °C

*Axial load carrying capacity : 40-100 HP Arası Motorlarda 45 kN, 110-125 HP Arası Motorlarda 55 kN

*Motor protection IP 68 (Mekanik Salmastıra)

*Starting : Direkt ve Y / Ü.

*Supply Voltage : ~3, 380 V (-%6+%10), 50/60 Hz.

*Package, interconnection and outer sheath do not include weight-height measurements.

*DK PUMP reserves the the right to make changes without prior notice

* Prices do not include VAT and shipping.

* Our company is not responsible for printing errors
